**12 Bulls**

**16 Open Heifers**

**22 Cows with Calves at Foot**

**16 Bred Cow and Heifers (many of these will have calved by sale date)**

MR. & MRS. WEBSTER G. OLSON, owners of Crystal Springs Shorthorn Farm at Clements, Kansas are offering a complete cross section of their richly-bred Shorthorn herd in this 20th Anniversary Production Sale.

Included in the 12 bulls being offered, are 6 sons of GOLDEN OAK TALISMAN 4th, by the \$6,000 Imp. Calrossie Talisman. Golden Oak Talisman 4th was reserve junior champion bull at the Missouri State Fair and at the Texas State Fair in 1955 and reserve grand champion bull at the 1955 Nebraska State Fair. He has been an outstanding sire of both bulls and females and 13 daughters also sell in this sale. 3 steers sired by him won reserve championships at 3 major shows in Oklahoma and Kansas in 1960. 1 of these bulls, a three-year-old, C F Master Talisman, is being offered as a proven sire with 22 cows either having calves at foot by him in the sale, or mated to him. There are 5 two-year-old bulls by Golden Oak Talisman 4th and among the sale attractions will be the 6 yearling sons of Wordsworth Contender, 1st prize bull at the 1959 Mid-Kansas Sale at Salina where he was purchased from Tomson Bros., Wakarusa, Kansas. He is the son of Uppermill Wordsworth and out of a dam by the \$5,000 Beaufort Barony. 6 daughters also sell in this sale and 9 females sell mated to him. There will be 12 females selling, either with calves at foot, or mated to SPRINGDALE ARROW, 2nd prize bull at the 1960 Mid-Kansas Sale at Salina and a son of the \$3,100 1957 Edellyn Sale top selling bull, Edellyn Broadarrow by Beaufort Bulldozer. Here's one of the good, young bulls in the business and his dam is by the \$3,000 Saltoun Challenger, and from a member of the Retzlaff Golden Chain family.

There will be 16 outstanding open heifers, 8 daughters of the champion, Golden Oak Talisman 4th, 7 by Wordsworth Contender and 1 by the Lot 1 bull, C F Master Talisman.

There are 38 young cows and heifers selling, daughters of such bulls as Upright Royal Prince, Valiant Commander, Gregg Farms Marchpone, HVF Supreme by the \$10,000 Perth 1st prize winner, Calrossie Supreme and by sale date, the majority of these females will have calves at foot or be close to calving.

Here's a group of cattle that live outdoors 12 months of the year, are the kind best suited to farm and ranch conditions in the midwest. They have been carefully selected and while it has been the Olson's program to breed useful, good-gaining, middle-of-the-road type cattle, rather than show cattle, the results of showing have been gratifying and only last year, steers from this herd won the reserve championship at 3 major shows in Kansas and Oklahoma.

Here's a good set of thick-fleshed, good-doing, rugged, good-legged, well-balanced cattle, all selling Bangs and T. B. tested and fully guaranteed.

# We Invite You to Help Us Celebrate Our 20th Anniversary !

Being able to offer this group of Shorthorns to you is a real source of joy to us. We can now reflect on twenty years of breeding Shorthorns starting with four cows and the use of Dad's herd bull. We added a few heifers from time to time and soon had a good working unit.

Our first herd bull was purchased in 1944 in the George Struve & Sons sale, he was Symbol's Matchless by Goldfinder's Symbol. He was the top bull of the sale at 10 months of age. Many of his sons were champions and sale tops including the first Mid-Kansas sale at Salina.

The next fall at our state sale luck was with us. When we visited the Waits, our neighbors near Cassoday, and saw their state sale consignment, I expressed my liking for a Douglas Silver Seal heifer they were offering to Web as we came home. As usual he didn't comment at the time, but he bought her in the sale. She had her first calf in December, 1945. In the last fifteen years that one heifer and her descendants have dropped 67 calves for us. They are consistently thick, good-doing cattle. All of the Lavenders in the sale are descended from that heifer, Lavender Blossom 4th.

HVF Supreme by Calrossie Supreme out of an Edellyn-bred Mercury-Princess Royal, was an outstanding sire of females. Two of his daughters are included in the sale. They are the kind of cows we like.

It is our aim to breed useful cattle, rather than show cattle, but the results of showing have been very gratifying. Steers have consistently placed well for our sons and others. Three steers by Golden Oak Talisman 4th last year won reserve championships at major shows, the Junior Livestock Show at Oklahoma City, and at the two Kansas State Fairs. Our son, Douglas, also showed a daughter of Talisman to the reserve championship at the state fair and Grand champion at our county fair as a yearling in 1959. She was again inter-bred champion female at the Spring Beef Show after being with the herd all winter. In 1950 our oldest son, Willard, showed the champion 4-H heifer at the Topeka fair.

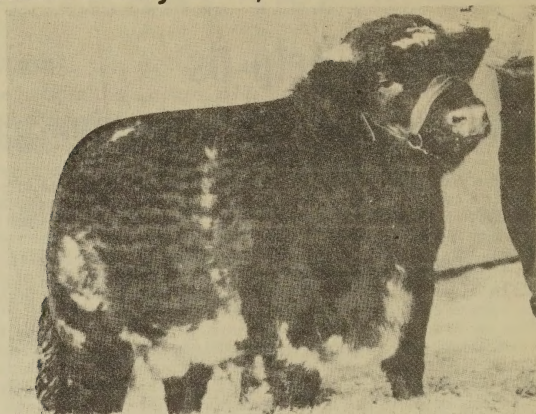

The group of young cattle that is included in this sale is without doubt the best we have produced and thus we were prompted to offer them at auction in celebration of twenty years with Shorthorns. We are particularly proud of the calves by Wordsworth Contender. Of those that will be a year old by early May, all will sell except three heifers and a steer that Douglas is feeding. We think time will prove him the top breeding son of Uppermill Wordsworth. The bulls by Golden Oak Talisman 4th have the same qualities which sent their half brothers to the head of their steer classes. They are thick-fleshed, smooth, good-doing, rugged fellows with sound feet and legs. Their dams are all heavy milkers. We have no nurse cows; we do not need them.

It would be difficult to find a more self-sufficient group of cows than those from the DeGeer herd which we acquired in September 1958. Mr. DeGeer felt that cows should be too busy to get fat, thus those that failed to produce regularly were soon disposed of. They all, therefore, inherit high fertility and good mothering qualities.

The cow offering represents a cross-section of our herd, all families are represented and include some we definitely should not sell. These cattle live out of doors 12 months of the year and are the kind we feel are best suited to farm and ranch conditions for this part of the country. With rare exceptions these cows have and raise their calves unassisted, some require milking in late spring calving. We can recommend them without reservation. We have had an unprecedented demand for both bulls and females but all have been retained for this sale. We hope you will honor us with your presence on April 1st.

WORDSWORTH CONTENDER -- Here was the 1st prize bull in the 1959 Mid-Kansas Spring sale where we purchased him from Tomson Bros. for \$1,000. Tomsons at that time, felt he was one of the most promising herd bulls they had ever offered for sale and we believe his first calf crop, twelve of which are selling in this sale, will prove that their judgment was right. His dam is sired by Imp. Beaufort Barony that proved a valuable sire in the Tomson herd and in the Hanson Heights herd in Indiana, who purchased him for \$5,000. His grandam, Village Clara, produced one of the Tomsons top selling bulls in 1958, Wordsworth Control that sold to James Breedan of California and she is also a full sister to Gregg Farms Commander, the great Tomson herd bull. ## FROM THE SALE MANAGER . . .

Here's a good set of thrifty, well-bred modern type, quality Shorthorns that represent the complete cross-section of the large herd owned by Mr. and Mrs. Webster G. Olson, Clements, Kansas. It would be a wonderful thing if everyone could share the enthusiasm these people have for good Shorthorn cattle. You only have to point to the steady progress they have made since they started with their first Shorthorns just 20 years ago.

As in most cases, there have been no secrets to their success. It has been simply the use of the best bulls available and good herdsmanhip and careful selection of their breeding females.

Their first bull was the top bull in the George Struve & Sons Sale at Manning, Iowa at 10 months of age. He was a son of Goldfinder's Symbol. That same year, they bought one of their foundation females and in the past 15 years, that one heifer and her descendants have dropped 67 calves on the Olson farm.

The next herd bull was HVF Supreme, top breeding son of the Perth 1st prize winner, Calrossie Supreme, and out of an Edellyn-bred Mercury Princess Royal dam.

The 1955 Nebraska State Fair reserve grand champion bull, Golden Oak Talisman 4th, purchased in the Caraway Dispersion Sale in 1956, has proven also to be a wise purchase.

Their present herd sires, Wordsworth Contender by Uppermill Wordsworth and Springdale Arrow by Edellyn Broadarrow, are making further improvements in this herd as you will see on sale day. Here are cattle that can help any cowman and I assure you that your trip to the Cow Palace at Newton, Kansas on Saturday, April 1st can be a profitable one.
